# Welcome to Dawlish Celebrates Carnival Week 2023!

## From the Mayor of Dawlish, Councillor Rosie Dawson

Anyone who knows me will know that I am a huge fan of Carnival Week. Since I first stumbled into it in 1996, I have been amazed year after year at the level of fun, silliness and community connection. From the daring pram race to the parade – Carnival Week has changed as the years pass but the festival feel, smiles and belly laughs remain.

Of course we don't have elephants parading through town as was the case many years ago but I think the whole week offers so much to visitors and residents alike and takes a huge amount of work from the committee and volunteers. As it is run entirely on donations, sponsorships and grants, I urge you to dig deep to keep this wonderful tradition going.

A huge thank you to everyone involved in pulling off 7 days of mayhem, fun and entertainment – and to all those who join in, support or spend weeks working on their fancy dress!

Let's get stuck in to the fun!

# "Dawlish Celebrates Carnival 2023"

Wow! Where did the last year go? Organising carnival is a year-round volunteer 'job' with the only exception being possibly late September and during October where the committee finally put their feet up before thinking 'We should really start planning for next year.' Planning a week-long event is relentless in the demands it places on the Committee and my personal thanks go to each one of them.

We also rely on dedicated volunteers whether running carnival's website or social media or doing admin and much, much more in the background before carnival week. I thank them all for their work in the preparations towards carnival because without them we wouldn't be here. During carnival week itself we rely on another army of volunteers to make things happen from manning stalls to selling duck race tickets to marshalling the parade and the pram race. I thank you all for the hard work you *will* be doing in the week itself.

This year we return with the 50th year of the Pram Race and we are enormously proud to be part of this tradition. We even have a special very different 50th anniversary stop . . . so look out for that! Our week's programme returns with old favourites like clay modelling, the dog show, It's a Knockout, but we are always open to new ideas – this year we have an upcoming bands afternoon on Wednesday. There's really something for everyone at Dawlish Celebrates Carnival and don't forget our 'musicals' theme this year.

Carnival 2023 will see our second Community Parade on Friday 18th August due once again to a limited number of carnival floats locally. That said we had feedback last year that people loved the community feel and we have a few added surprises in the parade including the wonderful Spark! **My challenge to you is come and walk with us in the parade and show what is best in our community in 2023!** Forms for the parade and pram race are on our website and available locally so fill one in and let us know you are coming.

I would also like to say thanks to all our sponsors and to Dawlish Town Council, and the District and County Councillors for their financial support. We are so grateful to the many businesses that have sponsored us – especially when for small businesses the current economic climate is very challenging. My final thanks go to the residents around the Lawn as we realise the event can cause disruption to their everyday lives during the week.

So, carnival is now just round the corner so please join in whether in our parade or a competition or just come and see us on the Lawn. Carnival is for you!

***Follow the Fun!***

**Roots Community Enhancement** is a Community Interest Company in Dawlish, serving the town, Teignmouth and surrounding villages. The organisation, run not for profit but for the good of the community, aims to meet community needs identified following cuts in services over the last few years. Formed in 2018 and led by a registered mental health nurse, the volunteers provide services for local people on a free or donation

basis to ensure access for all (thanks to The National Lottery Community Fund).

They offer baby massage courses, a baby group, a multi-generational play group, a bereavement support group, a peer support platform for Mums and six week HOPE courses looking at wellbeing whilst living with long term conditions (which they run for Torbay NHS Trust). They also run events to enhance the local community such as stress workshops, pop up laughter yoga and music/making sessions. Continuing to operate during lockdowns, they created online groups, daily videos and sent out over 1000 activity packs to those who were isolating, shielding or struggling day to day.

## Discover

# The Salty Dog Café on Smugglers Lane, Holcombe

Fresh Lavazza coffee, home baked cakes, hot food, ice creams, a dog friendly sandy beach and more . . .

In an area steeped in smuggling history, at the bottom of a leafy lane, lies a quiet sandy beach on the South West Coastal footpath. In the 18th and 19th century French lace and tobacco was landed here and brought through secret tunnels and along paths in the woods to be sold in local villages. Discover our history. Discover Devon.

**Directions:** Catch a number 22 bus from Dawlish to Teignmouth and hop off at Hall Lane Holcombe or walk from Dawlish to Teignmouth and stop on the way for some refreshments. The sea wall footpath runs from The Salty Dog to Teignmouth with some spectacular scenery.

**You won't be disappointed.**

BAM delivers key pieces of infrastructure across the UK. From railways to keep the country moving, to wind farms that keep us powered, we're key to the growth and development of the country. We work with public and private sector clients, across a range of sectors including rail, highways, air, marine, tunnelling, energy and water.

We're driven by a desire to deliver the best outcomes for our clients, in a way that modernises the industry. We use digital engineering and a net zero carbon approach, placing sustainability and great people at the heart of our organisation. We strive to enhance the lives of people in the communities where we work.

At Dawlish we are close to completing the seawall and station works. The completion of this work will increase the resilience of the railway in the south west for at least the next 100 years and ensure communities remain connected via the railway network.

As part of the designs, the new sea wall will also improve passengers' experience and access at Dawlish station through a new footbridge with lifts, whilst providing local residents and visitors to Dawlish with a high-level, wider and safer promenade and pedestrian access to the beach.
